Ranae,
I received your Board of Revision complaint form to contest the property value at 32 Parkview Drive in Conneaut. The only issue with the form is that Line 8 was left blank and there must be a value indicated as your opinion of value. On your complaint you noted that the swimming pool was removed, if that is your only issue then you would take the current Auditor value minus the value of the pool. I attached a copy of your property record card which details the characteristics of your property for your reference. You can reply to this email stating your request in value.

Please contact me with any questions. You have until April 1st to correct this error on your form.
Thank you,

Tara Frable
