10) The requested change is justified for the following reasons:

20 of the approximately 80 acres were 2 corn fields harvested in the spring of 2022 and not replanted for the 2023 season while we work with a forester to convert most of that acreage to timber. The remaining hay field and standing timber was farmed in 2023.

I declare under penalty of perjury that this complaint (including any attachments) has been examined by me and to the best of my knowledge and belief is true, correct, and complete.
