Good morning Ray,

With CAUV; under 10 acres of commercial use, you must provide proof of income with a gross of \$2500 a year and you only receive those acres on CAUV. If you have over 10 acres, you are not required to provide proof of income but may be asked if we are questioning the commercial use. After our revisit to the property, we are questioning if the property is being commercially farmed. I appreciate you sending the 1040F, and unfortunately the gross income is under the \$2500 and the horse breeding is not on that particular parcel. We have come to the conclusion that you will have to file with the Board of Revision next year to try to get that parcel reinstated on CAUV. Some information the board may want to know more about is your horse breeding business and the sales of your crops. Once the new year hits, you can request a board of revision complaint form for CAUV or print it off of our website.

Thank you,

Heather Hall

Good afternoon, Heather, I received your second cau denial letter, per our conversation via the phone, I was under the understanding that you would revisit and reevaluate and that you didn't need my farming profit or loss 1040 form at that time and that is why I didn't send before 09-30-25. I was also under the understanding that crop fields over 10acres will qualify for cau but either way attached is the acreage that is currently in Alaalfa, clover and the 5.5 acres that is currently in soybeans and is rotated with corn annually for a total of 11.9 acres as well as my farming profit -loss 2024 form. Thank you and please update me

Thank You, Ray

Raymond R & Aden R Miller

September 8, 2025

Dear Property Owner,

Current Agricultural Use Valuation, or CAUV is a program which reduces the taxable value of commercial agriculture land to its agricultural use value. The parcel(s) listed below were enrolled in this real estate tax savings program.

Please provide proof of income by September 30, 2025.

ORC 5713.34 states that any land that has been converted to a non-agricultural use shall be valued for real estate tax purposes at its current market value and shall be charged recoupment equal to the amount of real estate tax savings on the converted land during the three tax years immediately preceding the year in which the conversion occurs.

The acreage listed below will no longer receive the CAUV benefit and a one-time recoupment charge will appear on the 2025 tax year bill which is payable in the year 2026.

Parcel	CAUV #	Total Acres	Converted Acres	Estimated Recoupment Charge
33-019-00-001-01	3690	19.862	19.862	\$3,390.62

Please contact our office if you have any questions or concerns. You have the right to appeal this determination per ORC 5715.19.

Heather Hall

Inspection Comments

Are they sold or is it a food plot? Need income

9-19-2025 owner said beans in the back, alfalfa in the front. Does not sell beans, does have a horse business Are they sold or is it a food plot? Need income

9-23-2025 No way a combine can get in either access, soybeans in the back has fencing around. Freshly planted clover (possibly) field with an established clover field, see pics. Can't feed a horse a lot of clover.

10-9-2025 Deny CAUV for this parcel, other parcels are either CRP (expires in 2030) or NCW - I did not see where the horse business it

Questions to ask the land owner:

1. What tillage equipment do you use to till the ground?
2. How wide is your planter that you use to plant the beans? How many rows does is plant?
3. How wide is the combine head that you use to harvest?
4. Who do you sell your crops to?
5. Need to see sales of hay and beans
6. More information on the horse business, where is it, sales of horses, proof of hay going to the horses

2 Deer stands

How can a combine get around the trees planted in the area? (see below)
